Lieutenant
301 Tactical Fighter Wing
Carswell AFB, USAF
Fort Worth, Texas

Licenses

Registered Professional Engineer - State of Texas - 50896
Registered Professional Engineer- Commonwealth of Pennsylvania PE-039019-R
Registered Professional Engineer - State of North Carolina - 15955
Registered Professional Engineer - State of Missouri - E-2001000392
Registered Professional Engineer - State of Mississippi - 15632
Registered Professional Engineer - State of Maryland - 32714
Registered Professional Engineer - State of Louisiana - 32258
Registered Professional Engineer - State of Michigan - 6201053760
Registered Professional Engineer - State of Colorado - 40548
Registered Professional Engineer - State of Alabama - 29267
Registered Professional Engineer - State of Illinois - 062.062981
Registered Professional Engineer- Commonwealth of Virginia - 051263

Professional Organizations

The National Council of Examiners for Engineering Surveying Certificate Holder (NCEES)
American Society for Testing and Materials (ASTM)
Architectural Aluminum Manufacturers Association (AMMA)
International Conference of Building Officials (ICBO)
Post-Tensioning Institute (PTI)
American Society of Civil Engineers (ASCE)

Career Chronology

President, Olden Associates, Rockwall, Texas (1991-Present)

- Responsible for completion of Principal's (Olden and Company) work on behalf of their Surety for six (6) bonded construction projects. Provided litigation support, claims assessment and project close out functions. Work included contracts in Los Angeles, CA; Philadelphia, PA; Houston, TX; Phoenix, AZ; and Charlotte, NC. Handled all aspects of the contracts from engineering, project management, billing and warranty issues.
- Curtain wall consultant for the Owner/Architect of commercial office buildings including buildings in Los Angeles, Austin and San Antonio. Perform due diligence studies, develop bid package of drawings and specifications for required work, and monitor progress of the successful contractor.
- Provide property claims engineering investigations for foundation structural movement and interior damages to the Insurance industry.
- Provide Surety claims consultation for defaulted contractors including cost to complete analysis, project site inspections, document reviews, warranty claims and expert witness testimony.
- Provide expert witness testimony/litigation support on building envelope system matters. Projects include locations in San Antonio, New Orleans, Dallas, Minneapolis, and Philadelphia.

Director of Engineering, Olden and Company, Dallas, Texas (1989-1991)

- Responsible for management of structural engineering, estimating, computer resources and technical services in Dallas and California operations with annual sales of \$30 million.
- Negotiated with general contractors and/or owners/developers on multi-million dollar contracts.
- Directed negotiations with customers and suppliers regarding scheduling and manpower to achieve appropriate schedules to complete projects on time.
- Provided technical support for the Company and managed the Technical Services Group which provided consulting services to owners, developers and architects.
- Organized and developed a team approach to manage effectively the Engineering Group and Estimating Group, which supported the Project Managers and a staff of 50 salaried employees.

Chief Engineer, Olden and Company, Dallas, Texas (1984-1989)

- Directed and managed the Engineering Group and implemented a computer assisted engineering system to improve productivity within the engineering department.
- Implemented a Computer Aided Design (CAD) system which was used in the design/development and production.
- Estimated projects for lump sum and guaranteed maximum contracts for the Company.

Project Manager, Olden and Company, Dallas, Texas (1978-1983)

- Managed commercial building projects including production of shop drawings, scheduling, purchasing and expediting.
- Monitored shop and field activities to insure timely and profitable operation of contracted work.

Engineering Research Associate, Texas Transportation Institute, Dallas, Texas (1977-1978)

- Managed the Dallas office of TTI responsible for research studies on bus priority signalization and computer coordinated intersection signals along the North Central Corridor.

J. Michael Turner, P.E.

Engineering Research Associate, Texas Transportation Institute, College Station, Texas (1976-1977)

- Responsible for design and implementation of highway research studies funded by the Federal Highway Administration and the Texas State Department of Highways and Public Transportation.

Publications
